## **Morning Science Format:**

All attendees will submit a one page summary of their scientific work/interests, which we will bind together into a booklet and distribute to everyone.

In the mornings we will gather together and each participant will give a short synopsis of their work (à la poster presentation) and people can follow along in the booklet.

## **Evening Discussion Topics (tentative):**

Night 1 (Friday): What do we (dis)like about our departments? What can be done to improve grad student work environments?

**Night 2 (Saturday)**: 1. When science advancement meets cultural preservation: the case of TMT. 2. Starlink and astronomy
